

YLD FX Ltd. Anti-Money Laundering (AML) Program: Compliance and Supervisory Procedures

UPDATED AS OF 13 JULY 2021

1. Firm Policy

It is the policy of the firm to prohibit and actively prevent money laundering and any activity that facilitates money laundering or the funding of terrorist or criminal activities by complying with all applicable requirements under the Bank Secrecy Act (BSA) and its implementing regulations.

Money laundering is generally defined as engaging in acts designed to conceal or disguise the true origins of criminally derived proceeds so that the proceeds appear to have derived from legitimate origins or constitute legitimate assets. Generally, money laundering occurs in three stages. Cash first enters the financial system at the "placement" stage, where the cash generated from criminal activities is converted into monetary instruments, such as money orders or traveller's checks, or deposited into accounts at financial institutions. At the "layering" stage, the funds are transferred or moved into other accounts or other financial institutions to further separate the money from its criminal origin. At the "integration" stage, the funds are reintroduced into the economy and used to purchase legitimate assets or to fund other criminal activities or legitimate businesses.

Although cash is rarely deposited into securities accounts, the securities industry is unique in that it can be used to launder funds obtained elsewhere, and to generate illicit funds within the industry itself through fraudulent activities. Examples of types of fraudulent activities include insider trading, market manipulation, ponzi schemes, cybercrime and other investment-related fraudulent activity.

Terrorist financing may not involve the proceeds of criminal conduct, but rather an attempt to conceal either the origin of the funds or their intended use, which could be for criminal purposes. Legitimate sources of funds are a key difference between terrorist financiers and traditional criminal organizations. In addition to charitable donations, legitimate sources include foreign government sponsors, business ownership and personal employment. Although the motivation differs between traditional money launderers and terrorist financiers, the actual methods used to fund terrorist operations can be the same as or similar to methods used by other criminals to launder funds. Funding for terrorist attacks does not always require large sums of money and the associated transactions may not be complex.

Our AML policies, procedures and internal controls are designed to ensure compliance with all applicable BSA regulations and FINRA rules and will be reviewed and updated on a regular basis to ensure appropriate policies, procedures and internal controls are in place to account for both changes in regulations and changes in our business.

2. AML Compliance Person Designation and Duties

The firm has designated Matthew Wright as its Anti-Money Laundering Program Compliance Person (AML Compliance Person), with full responsibility for the firm's AML program.

Matthew Wright has a working knowledge of the BSA and its implementing regulations and is qualified by experience, knowledge and training. The duties of the AML Compliance Person will include monitoring the firm's compliance with AML obligations, overseeing communication and training for employees. The AML

Company number : LL17238 Unit B, Lot 49, 1st Floor, Block F, Lazenda Warehouse 3, Jalan Ranca-Ranca, Federal Territory of Labuan, 87000, Malaysia

Compliance Person will also ensure that the firm keeps and maintains all of the required AML records and will ensure that Suspicious Activity Reports (SARs) are filed with the Financial Crimes Enforcement Network (FinCEN) when appropriate. The AML Compliance Person is vested with full responsibility and authority to enforce the firm's AML program.

The firm will provide FINRA with contact information for the AML Compliance Person through the FINRA Contact System (FCS), including: (1) name; (2) title; (3) mailing address; (4) email address; (5) telephone number; and (6) facsimile (if any). The firm will promptly notify FINRA of any change in this information through FCS and will review, and if necessary update, this information within 17 business days after the end of each calendar year. The annual review of FCS information will be conducted by Matthew Wright and will be completed with all necessary updates being provided no later than 17 business days following the end of each calendar year. In addition, if there is any change to the information, Matthew Wright will update the information promptly, but in any event not later than 30 days following the change.

3. Giving AML Information to Federal Law Enforcement Agencies and Other Financial Institutions

We will respond to a Financial Crimes Enforcement Network (FinCEN) request concerning accounts and transactions (a 314(a) Request) by immediately searching our records to determine whether we maintain or have maintained any account for, or have engaged in any transaction with, each individual, entity or organization named in the 314(a) Request as outlined in the Frequently Asked Questions (FAQ) located on FinCEN's secure website. We understand that we have 14 days (unless otherwise specified by FinCEN) from the transmission date of the request to respond to a 314(a) Request. We will designate through the FINRA Contact System (FCS) one or more persons to be the point of contact (POC) for 314(a) Requests and will promptly update the POC information following any change in such information. Unless otherwise stated in the 314(a) Request or specified by FinCEN, we are required to search those documents outlined in FinCEN's FAQ. If we find a match, Matthew Wright will report it to FinCEN via FinCEN's Web-based 314(a) Secure Information Sharing System within 14 days or within the time requested by FinCEN in the request. If the search parameters differ from those mentioned above (for example, if FinCEN limits the search to a geographic location), Matthew Wright will structure our search accordingly.

If Matthew Wright searches our records and does not find a matching account or transaction, then Matthew Wright will not reply to the 314(a) Request.

We will not disclose the fact that FinCEN has requested or obtained information from us, except to the extent necessary to comply with the information request. Matthew Wright will review, maintain and implement procedures to protect the security and confidentiality of requests from FinCEN similar to those procedures established to satisfy the requirements of Section 501 of the Gramm-Leach-Bliley Act with regard to the protection of customers' nonpublic information.

We will direct any questions we have about the 314(a) Request to the requesting federal law enforcement agency as designated in the request.

Unless otherwise stated in the 314(a) Request, we will not be required to treat the information request as continuing in nature, and we will not be required to treat the periodic 314(a) Requests as a government provided list of suspected terrorists for purposes of the customer identification and verification requirements.

Rule: 31 C.F.R. § 1010.520.

Grand Jury Subpoenas

We understand that the receipt of a grand jury subpoena concerning a customer does not in itself require that we file a Suspicious Activity Report (SAR). When we receive a grand jury subpoena, we will conduct a risk assessment of the customer subject to the subpoena as well as review the customer's account activity. If we uncover suspicious activity during our risk assessment and review, we will elevate that customer's risk assessment and file a SAR in accordance with the SAR filing requirements. We understand that none of our officers, employees or agents may directly or indirectly disclose to the person who is the subject of the subpoena its existence, its contents or the information we used to respond to it. To maintain the confidentiality of any grand jury subpoena we receive, we will process and maintain the subpoena. If we file a SAR after receiving a grand jury subpoena, the SAR will not contain any reference to the receipt or existence of the subpoena. The SAR will only contain detailed information about the facts and circumstances of the detected suspicious activity.

Voluntary Information Sharing With Other Financial Institutions Under USA PATRIOT Act Section 314(b)

We will share information with other financial institutions regarding individuals, entities, organizations and countries for purposes of identifying and, where appropriate, reporting activities that we suspect may involve possible terrorist activity or money laundering. Matthew Wright will ensure that the firm files with FinCEN an initial notice before any sharing occurs and annual notices thereafter. We will use the notice form found at [FinCEN's website](#). Before we share information with another financial institution, we will take reasonable steps to verify that the other financial institution has submitted the requisite notice to FinCEN, either by obtaining confirmation from the financial institution or by consulting a list of such financial institutions that FinCEN will make available. We understand that this requirement applies even to financial institutions *with which we are affiliated*, and that we will obtain the requisite notices from affiliates and follow all required procedures.

We will employ strict procedures both to ensure that only relevant information is shared and to protect the security and confidentiality of this information, for example, by segregating it from the firm's other books and records.

We also will employ procedures to ensure that any information received from another financial institution shall not be used for any purpose other than:

- Identifying and, where appropriate, reporting on money laundering or terrorist activities;
- Determining whether to establish or maintain an account, or to engage in a transaction; or
- Assisting the financial institution in complying with performing such activities.

Rules: 31 C.F.R. § 1010.540.

e. Joint Filing of SARs by Broker-Dealers and Other Financial Institutions

We will file joint SARs where evidence is present that is related to similar activities for an individual or entity. We will also share information about a particular suspicious transaction with any broker-dealer, as

Company number : LL17238 Unit B, Lot 49, 1st Floor, Block F, Lazenda Warehouse 3, Jalan Ranca-Ranca, Federal Territory of Labuan, 87000, Malaysia

appropriate, involved in that particular transaction for purposes of determining whether we will file jointly a SAR.

We will share information about particular suspicious transactions with our clearing broker for purposes of determining whether we and our clearing broker will file jointly a SAR. In cases in which we file a joint SAR for a transaction that has been handled both by us and by the clearing broker, we may share with the clearing broker a copy of the filed SAR.

If we determine it is appropriate to jointly file a SAR, we understand that we cannot disclose that we have filed a SAR to any financial institution except the financial institution that is filing jointly. If we determine it is not appropriate to file jointly (e.g., because the SAR concerns the other broker-dealer or one of its employees), we understand that we cannot disclose that we have filed a SAR to any other financial institution or insurance company.

Rules: 31 C.F.R. § 1023.320; 31 C.F.R. § 1010.430; 31 C.F.R. § 1010.540.

Checking the Office of Foreign Assets Control Listings

Before opening an account, and on an ongoing basis, Matthew Wright will check to ensure that a customer does not appear on the SDN list or is not engaging in transactions that are prohibited by the economic sanctions and embargoes administered and enforced by OFAC. (See the [OFAC website](#) for the SDN list and listings of current sanctions and embargoes). Because the SDN list and listings of economic sanctions and embargoes are updated frequently, we will consult them on a regular basis and subscribe to receive any available updates when they occur. With respect to the SDN list, we may also access that list through various software programs to ensure speed and accuracy. See also [FINRA's OFAC Search Tool](#) that screens names against the SDN list. Matthew Wright will also review existing accounts against the SDN list and listings of current sanctions and embargoes when they are updated and he will document the review.

If we determine that a customer is on the SDN list or is engaging in transactions that are prohibited by the economic sanctions and embargoes administered and enforced by OFAC, we will reject the transaction and/or block the customer's assets and file a blocked assets and/or rejected transaction form with OFAC within 10 days. We will also call the OFAC Hotline at (800) 540-6322 immediately.

Our review will include customer accounts, transactions involving customers (including activity that passes through the firm such as wires) and the review of customer transactions that involve physical security certificates or application-based investments (e.g., mutual funds).

Rules: 31 C.F.R. § 501.603; 31 C.F.R. § 501.604.

Customer Identification Program

In addition to the information we must collect under FINRA Rules 2090 (Know Your Customer) and 2111 (Suitability) and the 4510 Series (Books and Records Requirements), and Securities Exchange Act of 1934 (Exchange Act) Rules 17a-3(a)(9) (Beneficial Ownership regarding Cash and Margin Accounts) and 17a-

Company number : LL17238 Unit B, Lot 49, 1st Floor, Block F, Lazenda Warehouse 3, Jalan Ranca-Ranca, Federal Territory of Labuan, 87000, Malaysia

3(a)(17) (Customer Accounts), we have established, documented and maintained a written Customer Identification Program (CIP). We will collect certain minimum customer identification information from each customer who opens an account; utilize risk-based measures to verify the identity of each customer who opens an account; record customer identification information and the verification methods and results; provide the required adequate CIP notice to customers that we will seek identification information to verify their identities; and compare customer identification information with government-provided lists of suspected terrorists, once such lists have been issued by the government. See Section 5.g. (Notice to Customers) for additional information.

Required Customer Information

Prior to opening an account, Matthew Wright will collect the following information for all accounts, if applicable, for any person, entity or organization that is opening a new account and whose name is on the account:

- (1) the name;
 - (2) date of birth (for an individual);
 - (3) an address, which will be a residential or business street address (for an individual), or residential or business street address of next of kin or another contact individual (for an individual who does not have a residential or business street address), or a principal place of business, local office, or other physical location (for a person other than an individual);
- or one or more of the following: a taxpayer identification number, passport number and country of issuance, alien identification card number, or number and country of issuance of any other government-issued document evidencing nationality or residence and bearing a photograph or other similar safeguard

When opening an account for a foreign business or enterprise that does not have an identification number, we will request alternative government-issued documentation certifying the existence of the business or enterprise.

Rule: 31 C.F.R. § 1023.220(a)(2)(i).

Customers Who Refuse to Provide Information

If a potential or existing customer either refuses to provide the information described above when requested, or appears to have intentionally provided misleading information, our firm will not open a new account and, after considering the risks involved, close any existing account. In either case, our AML Compliance Person will be notified so that we can determine whether we should report the situation to FinCEN on a SAR.

Verifying Information

Based on the risk, and to the extent reasonable and practicable, we will ensure that we have a reasonable belief that we know the true identity of our customers by using risk-based procedures to verify and document the accuracy of the information we get about our customers. Matthew Wright will analyze the information we obtain to determine whether the information is sufficient to form a reasonable belief that we know the true identity of the customer (e.g., whether the information is logical or contains inconsistencies).

We will verify customer identity through both documentary means only to ensure 100% compliance and zero deviation from the systems outcome to enable human influence. Additional documents will be requested should any tests fail to the point where the person or entity is able to pass all tests. In light of the increased instances of identity fraud, we will supplement the use of documentary evidence by using the non-documentary means described below whenever necessary.

Company number : LL17238 Unit B, Lot 49, 1st Floor, Block F, Lazenda Warehouse 3, Jalan Ranca-Ranca, Federal Territory of Labuan, 87000, Malaysia

The primary verification partner used for all enquiries is ShiftiPro <https://shuftipro.com>

The following checks are completed for every account enquiry :

1. Document validity
2. Proof of Identity
3. Proof of Address
4. AML Checks against all known AML lists for SIP and PEP

Full details are available on the ShuftiPro website <https://shuftipro.com/aml>

Appropriate documents for verifying the identity of customers include the following:

For an individual, an unexpired government-issued identification evidencing nationality or residence and bearing a photograph or similar safeguard, such as a driver's license or passport; and

For a person other than an individual, documents showing the existence of the entity, such as certified articles of incorporation, a government-issued business license, a partnership agreement or a trust instrument.

We understand that we are not required to take steps to determine whether the document that the customer has provided to us for identity verification has been validly issued and that we may rely on a government-issued identification as verification of a customer's identity. If, however, we note that the document shows some obvious form of fraud, we must consider that factor in determining whether we can form a reasonable belief that we know the customer's true identity.

We will verify the information within a reasonable time before or after the account is opened. Depending on the nature of the account and requested transactions, we may refuse to complete a transaction before we have verified the information, or in some instances when we need more time, we may, pending verification, restrict the types of transactions or dollar amount of transactions. If we find suspicious information that indicates possible money laundering, terrorist financing activity, or other suspicious activity, we will, after internal consultation with the firm's AML Compliance Person, file a SAR in accordance with applicable laws and regulations.

We recognize that the risk that we may not know the customer's true identity may be heightened for certain types of accounts, such as an account opened in the name of a corporation, partnership or trust that is created or conducts substantial business in a jurisdiction that has been designated by the U.S. as a primary money laundering jurisdiction, a terrorist concern, or has been designated as a non-cooperative country or territory. We will identify customers that pose a heightened risk of not being properly identified.

Rule: 31 C.F.R. § 1023.220(a)(2)(ii).

Lack of Verification

When we cannot form a reasonable belief that we know the true identity of a customer, we will do the following: (1) not open an account; (2) impose terms under which a customer may conduct transactions while we attempt to verify the customer's identity; (3) close an account after attempts to verify a customer's identity fail; and (4) determine whether it is necessary to file a SAR in accordance with applicable laws and regulations.

Rule: 31 C.F.R. § 1023.220(a)(2)(iii).

Recordkeeping

Company number : LL17238 Unit B, Lot 49, 1st Floor, Block F, Lazenda Warehouse 3, Jalan Ranca-Ranca, Federal Territory of Labuan, 87000, Malaysia

We will document our verification, including all identifying information provided by a customer, the methods used and results of verification, and the resolution of any discrepancies identified in the verification process. We will keep records containing a description of any document that we relied on to verify a customer's identity, noting the type of document, any identification number contained in the document, the place of issuance, and if any, the date of issuance and expiration date. With respect to non-documentary verification, we will retain documents that describe the methods and the results of any measures we took to verify the identity of a customer. We will also keep records containing a description of the resolution of each substantive discrepancy discovered when verifying the identifying information obtained. We will retain records of all identification information indefinitely after the account has been closed; we will retain records made about verification of the customer's identity indefinitely after the record is made.

Rule: 31 C.F.R. § 1023.220(a)(3).

Comparison with Government-Provided Lists of Terrorists

At such time as we receive notice that a federal government agency has issued a list of known or suspected terrorists and identified the list as a list for CIP purposes, we will, within a reasonable period of time after an account is opened (or earlier, if required by another federal law or regulation or federal directive issued in connection with an applicable list), determine whether a customer appears on any such list of known or suspected terrorists or terrorist organizations issued by any federal government agency and designated as such by Treasury in consultation with the federal functional regulators. We will follow all federal directives issued in connection with such lists.

We will continue to comply separately with OFAC rules prohibiting transactions with certain foreign countries or their nationals.

Rule: 31 C.F.R. § 1023.220(a)(4).

Notice to Customers

We will provide notice to customers by email from compliance@yldfx.com that the firm is requesting information from them to verify their identities, as required by federal law.

Important Information About Procedures for Opening a New Account

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account.

What this means for you: When you open an account, we will ask for your name, address, date of birth and other information that will allow us to identify you. We may also ask to see your driver's license or other identifying documents.

Rule: 31 C.F.R. § 1023.220(a)(5).

Reliance on Another Financial Institution for Identity Verification

We may, under the following circumstances, rely on the performance by another financial institution (including an affiliate) of some or all of the elements of our CIP with respect to any customer that is opening an account or has established an account or similar business relationship with the other financial institution to provide or engage in services, dealings or other financial transactions:

Company number : LL17238 Unit B, Lot 49, 1st Floor, Block F, Lazenda Warehouse 3, Jalan Ranca-Ranca, Federal Territory of Labuan, 87000, Malaysia

when such reliance is reasonable under the circumstances;
when the other financial institution is subject to a rule implementing the anti-money laundering compliance program requirements of 31 U.S.C. § 5318(h), and is regulated by a federal functional regulator; and
when the other financial institution has entered into a contract with our firm requiring it to certify annually to us that it has implemented its anti-money laundering program and that it will perform (or its agent will perform) specified requirements of the customer identification program.

Rule: 31 C.F.R. § 1023.220(a)(6).

Customer Due Diligence Rule

In addition to the information collected under the written Customer Identification Program, FINRA Rules 2090 (Know Your Customer) and 2111 (Suitability) and the 4510 Series (Books and Records Requirements), and Securities Exchange Act of 1934 (Exchange Act) Rules 17a-3(a)(9) (Beneficial Ownership regarding Cash and Margin Accounts) and 17a-3(a)(17) (Customer Accounts), we have established, documented and maintained written policies and procedures reasonably designed to identify and verify beneficial owners of legal entity customers and comply with other aspects of the Customer Due Diligence (CDD) Rule. We will collect certain minimum CDD information from beneficial owners of legal entity customers.¹ We will understand the nature and purpose of customer relationships for the purpose of developing a customer risk profile. We will conduct ongoing monitoring to identify and report suspicious transactions, and, on a risk basis, maintain and update customer information.

Identification and Verification of Beneficial Owners

At the time of opening an account for a legal entity customer, Matthew Wright will identify any individual that is a beneficial owner of the legal entity customer by identifying any individuals who directly or indirectly own 25% or more of the equity interests of the legal entity customer, and any individual with significant responsibility to control, manage, or direct a legal entity customer. The following information will be collected for each beneficial owner:

- (1) the name;
- (2) date of birth (for an individual);
- (3) an address, which will be a residential or business street address (for an individual), or an Army Post Office (APO) or Fleet Post Office (FPO) box number, or residential or business street address of next of kin or another contact individual (for an individual who does not have a residential or business street address); and
- (4) an identification number or one or more of the following: a passport number and country of issuance, or other similar identification number, such as an alien identification card number, or number and country of issuance of any other government-issued document evidencing nationality or residence and bearing a photograph or other similar safeguard

For verification, we will describe any document relied on (noting the type, any identification number, place of issuance and, if any, date of issuance and expiration).

Rules: 31 C.F.R. § 1010.230(b); 31 C.F.R. § 1023.210(b)(5).

¹ Beneficial owners and legal entity customers as defined by the CDD Rule.

Depending on the facts and circumstances, a customer risk profile may include such information as:

The type of customer;

The account or service being offered;

The customer's income;

The customer's net worth;

The customer's domicile;

The customer's principal occupation or business; and

In the case of existing customers, the customer's history of activity.

Conducting Ongoing Monitoring to Identify and Report Suspicious Transactions

We will conduct ongoing monitoring to identify and report suspicious transactions and, on a risk basis, maintain and update customer information, including information regarding the beneficial ownership of legal entity customers, using the customer risk profile as a baseline against which customer activity is assessed for suspicious transaction reporting. Our suspicious activity monitoring procedures are detailed within Section 11 (Monitoring Accounts for Suspicious Activity).

Correspondent Accounts for Foreign Shell Banks

Detecting and Closing Correspondent Accounts of Foreign Shell Banks

We will identify foreign bank accounts and any such account that is a correspondent account (any account that is established for a foreign bank to receive deposits from, or to make payments or other disbursements on behalf of, the foreign bank, or to handle other financial transactions related to such foreign bank) for foreign shell banks. Upon finding or suspecting such accounts, firm employees will notify the AML Compliance Person, who will terminate any verified correspondent account for a foreign shell bank. We will also terminate any correspondent account that we have determined is not maintained by a foreign shell bank but is being used to provide services to such a shell bank. We will exercise caution regarding liquidating positions in such accounts and take reasonable steps to ensure that no new positions are established in these accounts during the termination period. We will terminate any correspondent account for which we have not obtained the information described in Appendix A of the regulations regarding shell banks within the time periods specified in those regulations.

Rule: 31 C.F.R. § 1010.630; 31 C.F.R. § 1010.605.

Company number : LL17238 Unit B, Lot 49, 1st Floor, Block F, Lazenda Warehouse 3, Jalan Ranca-Ranca, Federal Territory of Labuan, 87000, Malaysia

Certifications

We will require our foreign bank account holders to identify the owners of the foreign bank if it is not publicly traded and is authorized and has agreed to act as agent for acceptance of legal process, and an assurance that the foreign bank is not a shell bank nor is it facilitating activity of a shell bank. In lieu of this information the foreign bank may submit the Certification Regarding Correspondent Accounts For Foreign Banks provided in the BSA regulations. We will re-certify when we believe that the information is no longer accurate or at least once every three years.

Rule: 31 C.F.R. § 1010.630(b).

Due Diligence and Enhanced Due Diligence Requirements for Correspondent Accounts of Foreign Financial Institutions

Due Diligence for Correspondent Accounts of Foreign Financial Institutions

We will conduct an inquiry to determine whether a foreign financial institution has a correspondent account established, maintained, administered or managed by the firm.

If we have correspondent accounts for foreign financial institutions, we will assess the money laundering risk posed, based on a consideration of relevant risk factors. We can apply all or a subset of these risk factors depending on the nature of the foreign financial institutions and the relative money laundering risk posed by such institutions.

The relevant risk factors can include:

1. The nature of the foreign financial institution's business and the markets it serves;
2. The type, purpose and anticipated activity of such correspondent account;
3. The nature and duration of the firm's relationship with the foreign financial institution and its affiliates;
4. The anti-money laundering and supervisory regime of the jurisdiction that issued the foreign financial institution's charter or license and, to the extent reasonably available, the jurisdiction in which any company that is an owner of the foreign financial institution is incorporated or chartered; and
5. Information known or reasonably available to the covered financial institution about the foreign financial institution's anti-money laundering record.

In addition, our due diligence program will consider additional factors that have not been enumerated above when assessing foreign financial institutions that pose a higher risk of money laundering.

We will apply our risk-based due diligence procedures and controls to each financial foreign institution correspondent account on an ongoing basis. This includes periodically reviewing the activity of each foreign financial institution correspondent sufficient to ensure whether the nature and volume of account activity is generally consistent with the information regarding the purpose and expected account activity and to ensure that the firm can adequately identify suspicious transactions. Ordinarily, we will not conduct this periodic review by scrutinizing every transaction taking place within the account. One procedure we may use instead is to use any account profiles for our correspondent accounts (to the extent we maintain these) that we

Company number : LL17238 Unit B, Lot 49, 1st Floor, Block F, Lazenda Warehouse 3, Jalan Ranca-Ranca, Federal Territory of Labuan, 87000, Malaysia

ordinarily use to anticipate how the account might be used and the expected volume of activity to help establish baselines for detecting unusual activity.

Rule: 31 C.F.R. § 1010.610(a).

Enhanced Due Diligence

We will assess any correspondent accounts for foreign financial institutions to determine whether they are correspondent accounts that have been established, maintained, administered or managed for any foreign bank that operates under:

- (1) an offshore banking license;
- (2) a banking license issued by a foreign country that has been designated as non-cooperative with international anti-money laundering principles or procedures by an intergovernmental group or organization of which the United States is a member and with which designation the U.S. representative to the group or organization concurs; or
- (3) a banking license issued by a foreign country that has been designated by the Secretary of the Treasury as warranting special measures due to money laundering concerns.

If we determine that we have any correspondent accounts for these specified foreign banks, we will perform enhanced due diligence on these correspondent accounts. The enhanced due diligence that we will perform for each correspondent account will include, at a minimum, procedures to take reasonable steps to:

- (1) conduct enhanced scrutiny of the correspondent account to guard against money laundering and to identify and report any suspicious transactions. Such scrutiny will not only reflect the risk assessment that is described in Section 8.a. above, but will also include procedures to, as appropriate:
 - (i) obtain (e.g., using a questionnaire) and consider information related to the foreign bank's AML program to assess the extent to which the foreign bank's correspondent account may expose us to any risk of money laundering;
 - (ii) monitor transactions to, from or through the correspondent account in a manner reasonably designed to detect money laundering and suspicious activity (this monitoring may be conducted manually or electronically and may be done on an individual account basis or by product activity); and
 - (iii) obtain information from the foreign bank about the identity of any person with authority to direct transactions through any correspondent account that is a payable-through account (a correspondent account maintained for a foreign bank through which the foreign bank permits its customer to engage, either directly or through a subaccount, in banking activities) and the sources and beneficial owners of funds or other assets in the payable-through account.
- (2) determine whether the foreign bank maintains correspondent accounts for other foreign banks that enable those other foreign banks to gain access to the correspondent account under review and, if so, to take reasonable steps to obtain information to assess and mitigate the money laundering risks associated with such accounts, including, as appropriate, the identity of those other foreign banks; and
- (3) if the foreign bank's shares are not publicly traded, determine the identity of each owner and the nature and extent of each owner's ownership interest. We understand that for purposes of determining a private foreign bank's ownership, an "owner" is any person who directly or indirectly owns, controls or has the power to vote 10 percent or more of any class of securities of a foreign bank. We also understand that members of the same family shall be considered to be one person.

Special Procedures When Due Diligence or Enhanced Due Diligence Cannot Be Performed

In the event there are circumstances in which we cannot perform appropriate due diligence with respect to a correspondent account, we will determine, at a minimum, whether to refuse to open the account, suspend transaction activity, file a SAR, close the correspondent account and/or take other appropriate action.

Rule: 31 C.F.R. § 1010.610(d).

Compliance with FinCEN's Issuance of Special Measures Against Foreign Jurisdictions, Financial Institutions or International Transactions of Primary Money Laundering Concern

We do not maintain any accounts (including correspondent accounts) with any foreign jurisdiction or financial institution. However, if FinCEN issues a final rule imposing a special measure against one or more foreign jurisdictions or financial institutions, classes of international transactions or types of accounts deeming them to be of primary money laundering concern, we understand that we must read FinCEN's final rule and follow any prescriptions or prohibitions contained in that rule.

We understand that we have an ongoing obligation to take reasonable steps to identify all correspondent account services our correspondent account holders may directly or indirectly provide to the Specified Banks.

Monitoring Accounts for Suspicious Activity

We will monitor account activity for unusual size, volume, pattern or type of transactions, taking into account risk factors and red flags that are appropriate to our business.

We will conduct and document reviews of activity that our monitoring system detects. The AML Compliance Person or his or her designee will conduct an appropriate investigation and review relevant information from internal or third-party sources before a SAR is filed.

Emergency Notification to Law Enforcement by Telephone

In situations involving violations that require immediate attention, such as terrorist financing or ongoing money laundering schemes, we will immediately call an appropriate law enforcement authority. If a customer or company appears on OFAC's SDN list, we will call the OFAC Hotline at (800) 540-6322. Other contact numbers we will use are: FinCEN's Financial Institutions Hotline ((866) 556-3974) (especially to report transactions relating to terrorist activity), (to voluntarily report such violations to the SEC in addition to contacting the appropriate law enforcement authority). If we notify the appropriate law enforcement authority of any such activity, we must still file a timely a SAR.

Although we are not required to, in cases where we have filed a SAR that may require immediate attention by the SEC, we may contact the SEC via the SEC SAR Alert Message Line at (202) 551-SARS (7277) to alert the SEC about the filing. We understand that calling the SEC SAR Alert Message Line does not alleviate our obligations to file a SAR or notify an appropriate law enforcement authority.

Responding to Red Flags and Suspicious Activity

When an employee of the firm detects any red flag, or other activity that may be suspicious, he or she will notify Matthew Wright. Under the direction of the AML Compliance Person, the firm will determine whether or not and how to further investigate the matter. Rule: 31 C.F.R. § 1023.320.

Filing a SAR

We will file SARs with FinCEN for any transactions (including deposits and transfers) conducted or attempted by, at or through our firm involving \$5,000 or more of funds or assets (either individually or in the aggregate) where we know, suspect or have reason to suspect:

- (1) the transaction involves funds derived from illegal activity or is intended or conducted in order to hide or disguise funds or assets derived from illegal activity as part of a plan to violate or evade federal law or regulation or to avoid any transaction reporting requirement under federal law or regulation;
- (2) the transaction is designed, whether through structuring or otherwise, to evade any requirements of the BSA regulations;
- (3) the transaction has no business or apparent lawful purpose or is not the sort in which the customer would normally be expected to engage, and after examining the background, possible purpose of the transaction and other facts, we know of no reasonable explanation for the transaction; or
- (4) the transaction involves the use of the firm to facilitate criminal activity.

We will also file a SAR and notify the appropriate law enforcement authority in situations involving violations that require immediate attention, such as terrorist financing or ongoing money laundering schemes. In addition, although we are not required to, we may contact that SEC in cases where a SAR we have filed may require immediate attention by the SEC. We also understand that, even if we notify a regulator of a violation, unless it is specifically covered by one of the exceptions in the SAR rule, we must file a SAR reporting the violation.

We may file a voluntary SAR for any suspicious transaction that we believe is relevant to the possible violation of any law or regulation but that is not required to be reported by us under the SAR rule. It is our policy that all SARs will be reported regularly to the Board of Directors and appropriate senior management, with a clear reminder of the need to maintain the confidentiality of the SAR.

We will report suspicious transactions by completing a SAR, and we will collect and maintain supporting documentation as required by the BSA regulations. We will file a SAR-SF no later than 30 calendar days after the date of the initial detection of the facts that constitute a basis for filing a SAR. If no suspect is identified on the date of initial detection, we may delay filing the SAR for an additional 30 calendar days pending identification of a suspect, but in no case will the reporting be delayed more than 60 calendar days after the date of initial detection. The phrase "initial detection" does not mean the moment a transaction is highlighted for review. The 30-day (or 60-day) period begins when an appropriate review is conducted and a determination is made that the transaction under review is "suspicious" within the meaning of the SAR requirements. A review must be initiated promptly upon identification of unusual activity that warrants investigation.

Company number : LL17238 Unit B, Lot 49, 1st Floor, Block F, Lazenda Warehouse 3, Jalan Ranca-Ranca, Federal Territory of Labuan, 87000, Malaysia

We will retain copies of any SAR filed and the original or business record equivalent of any supporting documentation for five years from the date of filing the SAR-SF. We will identify and maintain supporting documentation and make such information available to FinCEN, any other appropriate law enforcement agencies, federal or state securities regulators or SROs upon request.

We will not notify any person involved in the transaction that the transaction has been reported, except as permitted by the BSA regulations. We understand that anyone who is subpoenaed or required to disclose a SAR or the information contained in the SAR will, except where disclosure is requested by FinCEN, the SEC, or another appropriate law enforcement or regulatory agency, or an SRO registered with the SEC, decline to produce the SAR or to provide any information that would disclose that a SAR was prepared or filed. We will notify FinCEN of any such request and our response.

AML Recordkeeping

Responsibility for Required AML Records and SAR Filing

Our AML Compliance Person and his or her designee will be responsible for ensuring that AML records are maintained properly and that SARs are filed as required.

In addition, as part of our AML program, our firm will create and maintain SARs, CTRs, CMIRs, FBARs, and relevant documentation on customer identity and verification (See Section 5 above) and funds transmittals. We will maintain SARs and their accompanying documentation for at least five years. We will keep other documents according to existing BSA and other recordkeeping requirements, including certain SEC rules that require six-year retention periods (e.g., Exchange Act Rule 17a-4(a) requiring firms to preserve for a period of not less than six years, all records required to be retained by Exchange Act Rule 17a-3(a)(1)-(3), (a)(5), and (a)(21)-(22) and Exchange Act Rule 17a-4(e)(5) requiring firms to retain for six years account record information required pursuant to Exchange Act Rule 17a-3(a)(17)).

SAR Maintenance and Confidentiality

We will hold SARs and any supporting documentation confidential. We will not inform anyone outside of FinCEN, the SEC, an SRO registered with the SEC or other appropriate law enforcement or regulatory agency about a SAR. We will refuse any subpoena requests for SARs or for information that would disclose that a SAR has been prepared or filed and immediately notify FinCEN of any such subpoena requests that we receive. See Section 11 for contact numbers. We will segregate SAR filings and copies of supporting documentation from other firm books and records to avoid disclosing SAR filings. Our AML Compliance Person will handle all subpoenas or other requests for SARs.

We may share information with another financial institution about suspicious transactions in order to determine whether we will jointly file a SAR according to the provisions of Section 3.d. In cases in which we file a joint SAR for a transaction that has been handled both by us and another financial institution, both financial institutions will maintain a copy of the filed SAR.

Clearing/Introducing Firm Relationships

We will work closely with our clearing firm to detect money laundering. We will exchange information, records, data and exception reports as necessary to comply [with our contractual obligations and] with AML laws. Both our firm and our clearing firm have filed (and kept updated) the necessary annual certifications for such information sharing, which can be found on [FinCEN's website](#). As a general matter, we will obtain and use the following exception reports offered by our clearing firm in order to monitor customer activity and we will provide our clearing firm with proper customer identification and due diligence information as required to successfully monitor customer transactions. We have discussed how each firm will apportion customer and transaction functions and how we will share information and set forth our understanding in a written document. We understand that the apportionment of functions will not relieve either of us from our independent obligation to comply with AML laws, except as specifically allowed under the BSA and its implementing regulations.

Training Programs

We will develop ongoing employee training under the leadership of the AML Compliance Person and senior management. Our training will occur on at least an annual basis. It will be based on our firm's size, its customer base, and its resources and be updated as necessary to reflect any new developments in the law.

Our training will include, at a minimum: (1) how to identify red flags and signs of money laundering that arise during the course of the employees' duties; (2) what to do once the risk is identified (including how, when and to whom to escalate unusual customer activity or other red flags for analysis and, where appropriate, the filing of SARs); (3) what employees' roles are in the firm's compliance efforts and how to perform them; (4) the firm's record retention policy; and (5) the disciplinary consequences (including civil and criminal penalties) for non-compliance with the BSA.

Company number : LL17238 Unit B, Lot 49, 1st Floor, Block F, Lazenda Warehouse 3, Jalan Ranca-Ranca, Federal Territory of Labuan, 87000, Malaysia

We will develop training in our firm, or contract for it. Delivery of the training may include educational pamphlets, videos, intranet systems, in-person lectures and explanatory memos. Currently our training program is conducted online and all employees must have passed all training material before working with customer data. We will maintain records to show the persons trained, the dates of training and the subject matter of their training.

We review our operations to see if certain employees, such as those in compliance, margin and corporate security, require specialized additional training. Our written procedures are updated to reflect any such changes.

Program to Independently Test AML Program

Staffing

The testing of our AML program will be performed at least annually (on a calendar year basis) by Matthew Wright, an independent third party. We will evaluate the qualifications of the independent third party to ensure they have a working knowledge of applicable requirements under the BSA and its implementing regulations. Independent testing will be performed more frequently if circumstances warrant.
